## PROFILE

Frontend Web Developer with strong expertise in building responsive, user-friendly, and high-performance web interfaces. Skilled in modern JavaScript frameworks, UI/UX best practices, and translating design concepts into clean, functional code. Experienced in optimizing web applications for speed, accessibility, and cross-browser compatibility while collaborating closely with backend teams to deliver seamless user experiences.

## WORK EXPERIENCE

### Ashirwad Infotech

2022- PRESENT

Frontend web developer

- At Ashirwad Infotech, I worked as a Frontend Web Developer focusing on building responsive, user-friendly interfaces using React.js. I collaborated with backend teams to integrate REST APIs, improved UI performance, fixed frontend issues, and ensured smooth user experiences across devices. My work contributed to creating clean, efficient, and visually consistent web applications.
- Responsive UI development
- User friendly interfaces
- Git & GitHub version control
- REST APIs
